

natural resources, income tax and good roads are upheld. The primary law of the State should be strengthened. United States Senators should be elected by direct vote of the people.

It is urged that the present method of representation in national conventions based on members of Congress is unfair. Representation on the basis of party strength is suggested.

MORGAN COMES TO RESCUE

Syndicate of Bankers Takes Over 50,000 Shares of C. & O. Stock.

New York, August 3.—It became known to-day that another speculative syndicate has been based of heavier holdings than it could carry. Friends of Edwin Hawley will be quoted in the New York World to-morrow as admitting that a syndicate of bankers, said to be headed by J. P. Morgan & Co., has taken over 50,000 shares of Chesapeake and Ohio stock, bought by them since the Pennsylvania and Kuhn, Loeb & Co. parted with their interest. Mr. Hawley's control, however, is said to remain intact.

Chesapeake and Ohio has recently sold at high price and the pool is said to have bought at an average above \$6. Lately a decline set in. Under repeated drivers, the stock touched \$5 yesterday. Support developed, and the price rallied to 70. Now appears the explanation that Morgan came to the rescue.

[Special to The Times-Dispatch.] Williamsburg, Va., August 3.—Owing to the prevailing high price of cotton and the continued low price of the finished product, the Williamsburg Knitting Mill Company has been compelled to reduce its production. WILL BE TAKEN TO INSANE ASYLUM

Doctor Austin, Charged With Malpractice, Declared Mentally Unbalanced.

[Special to The Times-Dispatch.] Roanoke, Va., August 3.—After examining witnesses, a board of physicians consisting of Doctors Joseph A. Gale, E. H. Huff and R. G. Blaine, appointed by the court to examine into the mental condition of Dr. Samuel A. Austin, charged with murder and criminal malpractice in the case of a young woman who died here several months ago, decided this evening that the accused is mentally unbalanced; that he must be committed to the asylum for the insane at Marion; that he must be kept there to an examination by experts, and that if pronounced by them non compos mentis, he must remain there until cured.

Under the law, after Dr. Austin leaves the Marion institution, he must be tried on the charge pending against him. It is believed, however, that today's decision of the board will forever close all prosecution of the case.

Years ago Dr. Austin fell from a train and sustained serious injury. A part of his skull had to be removed, and the injured portion of the brain, the mental disturbance from which the board of inquiry believes he is suffering. He has been a prominent practitioner here many years and has a large family. He has been practicing his profession up to to-day.

Under the board's decision he will be removed to the asylum to-morrow. He is in the custody of Sheriff Tillet to-night.

SENATOR GORE READY TO TELL WHOLE STORY

Will Relate to Investigating Committee How Attempt Was Made to Bribe Him and Rob Indians.

Muskogee, Okla., August 3.—Investigation of charges made in the United States Senate by Senator T. P. Gore that he and a member of the House of Representatives, each had been offered a bribe of \$25,000 to further a scheme whereby the Indians of Oklahoma were to be deprived of \$3,000,000 profits due them through the sale of coal and asphalt lands in this State, is to be begun here to-morrow. Senator Gore to-day said:

"I will tell the full details of the statement hatched at Washington to cheat the Indians out of \$3,000,000 through the sale of their lands. I will give names, dates and other circumstances relative to the bribe of \$25,000 offered to me and to a member of the House of Representatives to remove our opposition to the scheme which would throw that sum of money into the hands of private attorneys."

The committee was appointed by the House of Representatives to investigate what are known as the McMurray contracts with the Chickasaw and Choctaw Indians. The committee is headed by Chairman Charles H. Burke of South Dakota, and will convene at 9 A. M. to-morrow.

Senator Gore probably will be the first witness. The charges as made by Senator Gore in the Senate on June 24, and which form the basis for the present investigation are that:

J. F. McMurray, of McAlester, Okla., and his associates had obtained 10,000 individual contracts with Chickasaw and Choctaw Indians for the sale

RAIN AND HAIL BRING MUCH NEEDED RELIEF

Crowd Pants as Needle Climbs Indicator in Capitol Square Kiosk—Watcher Claims That Highest Point of Season Was Reached.

Yesterday was the hottest, most humidity-stricken day in the season to date or to understand that word humidity—of the whole summer. The fact was made known to the grasping brain of a reporter late in the afternoon when he stood in front of the kiosk and looked with awe upon the various and sundry, especially sundry, agony registering apparatus that go to make a fat man warmer than the proverbial hinges of the doors to which Charon directs the has-beens.

It was a seedy-looking individual with a sandy moustache that slipped the hungry-eyed reporter the information about the matter. The seedy-looking individual was rather shy on garments and appearance, but the way he was long on information would have made a stock broker offer him real money. It may be said, confidentially, of course, that he would make a race course tout look like a candidate for the dunce cap. He was there—there with the info. And he slipped it straight.

The Kiosk Climbs On.

Just as the sun was sliding from the zenith and the little girls began to come out from the front door steps with white frocks and blue ribbons, the hungry-eyed reporter with an absolutely blank score wandered into the Capitol Square with no intention of leaving the kiosk. He had settled down to write about, and as a last chance he bethought himself, as the captain of the good ship Indomitable did, of the kiosk. The kiosk is strong on facts and in facts there is sometimes information—but not much.

As the purple pointer was twirling the important point of a pestered person (if that isn't alliteration McGraw ain't Irish), the hungry-eyed reporter piped

the kiosk. Also he piped the seedy-looking individual, and he began to absorb information from the first piped word. The array of picture post cards showing the cloud effects on the rock-bound coast of Maine was first explained. The reporter learned in three minutes more about cumulus and cumuli and such like than Farmer Evans learned in forty years.

Reaches Top Notch.

Then the purple pointer, which indicates the temperature, was demonstrated, and the purple line showed a temperature rise of several points above the century mark. The S. L. L. began to get busy with the conversation, and he told of the temperature as if he had been sitting in front of the kiosk watching results since the first of May.

He showed by actual figures that it was the hottest day in the year, and mentioned casually that it was impossible for the pointer to be wrong. And it was not official. He was heard to say: "Before he left that kiosk the hungry-eyed reporter's collar was wilted to a rag, and the mopping he had given to his brow made that portion of his anatomy look like a patient in the barber's itch ward."

It Would Hardly Be Worth the mentioning except for the fact that the seedy looking individual stated as a fact that such heat could not be without results, and predicted that it would both rain and hail before the day was out. And there he was right.

Before the shades of night had settled there was a bunch of hail and a large consignment of rain, which, of course, settled the question beyond the hope of successful contradiction.

Yesterday was the hottest day of the summer—according to the kiosk.

BITTER CAMPAIGN HAS COME TO CLOSE

Memphis, Tenn., August 3.—One of the most bitter and exciting campaigns in the history of Tennessee, was brought to a close to-night and the respective candidates for seats on the bench of the Supreme Court and the Court of Civil Appeals now await the verdict of the voters.

Charges and countercharges of the most vicious character have been flung into the camps of the contestants. Governor Patterson has stumped the State for the regular Democratic nominees, while Attorney-General James T. Gates, Railroad Commissioner Eliot General Harlan Hannah, and other well-known political leaders have made a whirlwind campaign for the independent ticket. This latter ticket

has been endorsed by the Republican organization.

Both sides are claiming certain victory and no results can conservatively be anticipated until the ballots are counted.

The principal feature of the campaign in this judicial election has been the injection of Governor Patterson's name in the contest. The pardoning of Colonel Duncan B. Cooper for the killing of Senator Carmack has been used as an argument against the regular nominees. The Governor and his friends promptly accepted the gauge thrown at him and have defended his official acts.

Governor Patterson has been nominated for a third term by the regular Democrats, but the election for this office will not come up until next November.

No doubt the bitter-biting laws is expected. Sheriff Washburn will require observance of the law, but will permit oral observations of the restrictions laid down by the courts.

Major L. T. Price last night made his official inspection of the military property of Company B, First Regiment. The local inspections have now been nearly completed.

READY FOR OPENING.

Over 1,200 Horses Quartered at Race-Track at Saratoga.

Saratoga, N. Y., August 3.—Racing men in large numbers are here for the midsummer meeting of the Saratoga racing season, which opens to-morrow, and will continue until September 1. President R. T. Wilson and other officials are optimistic over the prospects for a successful meeting. Over 1,200 horses are quartered at the track.

News of South Richmond

South Richmond Bureau.
The Times-Dispatch,
1103 Hull Street.

Congressman John Lamb and Judge T. Ashby Wickham will speak in the courtroom in South Richmond to-night at 8:30 o'clock. Both are aspirants for the congressional nomination, and they will inform the citizens on the important issues of the day. Both candidates hope that all the voters of the ward will turn out in large numbers. The meeting is of the short order kind, but a large and enthusiastic crowd is expected to be present to hear the candidates.

Painfully Burned.

Adolphus S. Gittman, of 710 Perry Street, one-time captain of police of Petersburg, was most painfully hurt by hot iron Tuesday night at work in the Southern shops while at work in a considered an expert moulder, was driving a wheel when the box broke. The man fell backwards and received terrible burns upon his back, arms and legs. Surgeon Owens was summoned to the scene, and the man in extreme pain. When seen last night at his home he appeared to be suffering greatly. He was covered with bandages, and he laughingly compared himself to a badly blistered pig. He sustained severe burns upon his right arm, legs and feet. One citizen said last night that a negro workman, becoming frightened at the making of the fiery matrix which he held, dropped it and reared back upon Mr. Gittman, causing him to fall back into the white-hot iron. The injured man is one of the most valuable employees at the shops, his services as a moulder extending over twenty years.

Bitten by a Dog.

Henry Crenshaw, a boy about eight years old, was painfully bitten by a dog several days ago at Oak Grove. Henry is said to have become frightened at a cow and ran into his yard. The canine leaped upon him, bit him upon the shoulder, and again before he escaped. Dr. Ruder, who had heard of the occurrence, said last night that he did not think that the lad was badly bitten. The dog was not infected with rabies.

Said to Be Incurable.

Ernest Allen, a peckish-looking about eight years old, is in the police cell as an incurable. If he has any parents living, the negro doesn't know it. He was brought to South Richmond by a negro man, who took care of him and sought to educate him into the ways of humanity. Ernest couldn't see the light, and became hardened to such an extent that he was turned over to the police. The boy said last night that he was only six years old, but it was evident that he had seen six and then some. He will exist on prison rations until something can be done with him.

Olis Smith Under Arrest.

Olis Smith, a negro youth, sixteen years old, occupied a cell last night, charged with cutting Luther Selden with a knife. The latter was wounded in the hand, but not badly. Miles Selden was the victim of the crime. The prisoner will be arraigned in court this morning on the charge of felony.

Charged With Betrayal.

Guy Hilby, colored, is being held for the Chesterfield authorities under oath of Lillie Bentley, under the serious charge of betrayal. He will be heard in the Chesterfield court.

Woman Stabbed.

John Parham and Maggie Summers, both colored, got into a difficulty yesterday morning in Chesterfield county, the woman being stabbed in the abdomen by Parham. Her wound is regarded as a very serious one. Both live in Petersburg, and the stabbing happened not far from that city. Her assailant was taken to the Petersburg jail.

Meeting of Eagles.

A called meeting of the Order of Eagles was held last night commencing at 8 o'clock, at which time by-laws were adopted and other important business transacted. A large attendance was present.

Has Mania for Wandering.

Phoebe Smith, 803 Porter Street, who is said to be of unsound mind, will be sent to the Eastern State Hospital, where she was formerly an inmate. The girl has caused her parents and the police much trouble. She takes apparent pleasure in running away from home. She is at present under the care of the Associated Charities, and when her stepfather paid her a visit she became furious and wouldn't go home. She seems to have a mania for wandering, and an aversion to home.

Try Street Car Men To-Morrow.

B. F. Jones, conductor, and J. I. Rudd, motorman of the Petersburg

car that killed Philip Bothheimer Monday afternoon at 12:15 o'clock, will appear before Magistrate Cheatham to-morrow. At the coroner's inquest the jury brought in a verdict yesterday, which was a recommendation. However, from testimony of witnesses it appeared that the accident was unavoidable.

Attorney Leon Nelson appeared for the relatives of the dead man, and Willis C. Pulliam represented the Virginia Railway and Power Company.

The funeral of Mr. Bothheimer took place yesterday morning at 10 o'clock from the Hebrew Mortuary Chapel, and the interment was in the Hebrew Cemetery.

Little Boy Narrowly Escaped.

A little boy narrowly escaped serious injuries if not death yesterday afternoon by being run over by a Hull Street car on upper Hull Street. The car was No. 23. The car was moving at a good rate when the motionless child, who was approaching the track, was run over. The child was in danger, he proceeded with his playing. The motorman, with heroic effort, managed to stop the car scarcely one foot from the child. The tiny bunch of whiteness looked up and proceeded with its babyish play. The conductor expected to see the child ground beneath the wheels. No one was upon the street at the time.

Delightful Entertainment.

Misses Exilla and Emily Fitzgerald delightfully entertained at cards yesterday morning in honor of Miss Elsie Gray, of Bel Air, Md. Miss Elsie Gray, of New York, and Miss Louise Owens, a future bride of the month, were present. Misses Hazel Beattie, Louise and Reno Reams, Ollie Gregory, Etta and May Sampson, Ree Courtney, Bessie Page, Lucia and Margaret Owen, Evelyn Fitzgerald, Reba Peebles, Louise Howlett, Mrs. H. D. Lawrenceville, Elsie Reckford and Elsie Gray. Dainty refreshments were served.

Youngest Fire-Fighter.

Walter T. Smith, who is now full lieutenant of the South Richmond Fire Department, probably holds the record for the youngest fire-fighter. He got the job of lantern boy when barely fifteen years of age, and from that date has, through faithful performance of duty, worked himself up to the above position. In a few days he will have served twenty years on the force. He has been a member of the fire department since he was a boy, and is entitled to retire at the expiration of twenty years of service on a pension equal to one-half of the salary they are receiving at the time of their retirement. He has the spirit as by second nature.

Notice About Town.

Purdie & Purdie, a new shoe firm, has opened up business at Campbell's old stand at Twelfth and Hull Streets. About \$100 is about to be expended in improvements. John Crouch, a white laborer, thirty-one years old, was arrested yesterday by Captain Purdie for intoxication.

Mr. and Mrs. James Ridgely and niece, of Cincinnati, who spent the past week with William C. Crippen, are now the guests of relatives in Baltimore.

J. C. Abbott will leave on a vacation trip to Atlantic City on Sunday. He will be accompanied by his wife and two children. Mr. and Mrs. Granville Overby and Mr. and Mrs. Clifford Overby, of Baltimore, who have been the guests of Mrs. J. O. Horner, have returned home.

Captain A. J. Bethel, of Roanoke, is visiting relatives in town.

Although it rained and hailed severely in Richmond yesterday afternoon the ground here was hardly moistened. Citizens were astonished when told of the hailstorm, declaring that only a very few drops fell on this side of the James.

A goodly number of Hephaestus left yesterday morning for Ocean View, where they spent the day.

Saw or Heard Nothing.

London, August 3.—"I had seen or heard nothing until the cruel blow fell. Am returning home."

This message from Ethel Clare Levee was received by her sister in London to-night. It brought great relief to the relatives of the woman who is to be charged jointly with Dr. Crippen with murder. The mother and sister have sent numerous telegrams to Ethel Levee expressing their confidence in her innocence and urging her to tell all to the police.

Despite the reports of Ethel Levee's broken health, Mrs. Ginnett, the girl looked brighter and stronger when she saw her in Quebec than she did when sitting before a typewriter in Dr. Crippen's London office.
